

PROMIS TERMS AND CONDITIONS

7/10/2012

You understand and agree that the PROMIS Health Organization and PROMIS Cooperative Group provide access to PROMIS instruments (e.g., item banks, short forms, profile measures) subject to the PROMIS Terms and Conditions (PTAC). The PROMIS Health Organization/Cooperative Group reserves the right to update the PTAC at any time. Changes in the PTAC will apply to new users, new instruments and to new projects created by existing users after these changes are posted. The most current version of the PTAC can be reviewed by clicking on the Terms of Use hypertext link located in Assessment Center or on the Assessment Center Homepage.

TERMS FOR USE OF PROMIS INSTRUMENTS

PROMIS instruments measuring a variety of domains (see nihpromis.org for full domain framework) are available for adult and pediatric self-report and parent proxy report. These tools were developed in the English language using extensive qualitative methods to ensure conceptual and semantic clarity. They have been tested for reliability and comparability to more established measures of these same content areas. Calibration testing was conducted in adult, pediatric, and parent proxy samples. A full description is available at <http://nihpromis.org/science/sciencehome>. The item calibrations and test statistics provided are all based upon cross-sectional data collection. Use of PROMIS instruments in clinical research is encouraged, with the understanding that data collected from that use will contribute to knowledge about the validity of PROMIS measures. USERS OF PROMIS TOOLS ARE STRONGLY ENCOURAGED TO SUBMIT A BRIEF REPORT INCLUDING SAMPLE DEMOGRAPHIC INFORMATION, CLINICAL DATA SUFFICIENT TO DEFINE THE SAMPLE WITHOUT INDICATING TREATMENT RESPONSE DATA, AND PROMIS SCORE DISTRIBUTIONS (E.G., BASELINE MEAN AND STANDARD DEVIATIONS OR CHANGE SCORES BLINDED TO TREATMENT INFORMATION). This brief report should be submitted to help@assessmentcenter.net for internal review. None of this submitted information will be published without the written consent and participation of the submitter. In addition to the brief report, clinical researchers are encouraged to submit de-identified data for collaborative analysis and reporting. Data ownership would remain with the submitter. Clinical researchers are strongly encouraged to collaborate with PROMIS investigators when applying these items and banks to their research.

ANY PUBLICATION OR PRESENTATION OF RESULTS OBTAINED FROM STUDIES CONDUCTED USING THESE INSTRUMENTS SHOULD INCLUDE A STATEMENT THAT INDICATES WHICH PROMIS INSTRUMENTS (INCLUDING VERSION NUMBER) WERE USED, AND REFERENCE THE PROMIS SITE (WWW.NIHPROMIS.ORG) FOR FURTHER INFORMATION.

PERMISSION TO USE PROMIS INSTRUMENTS DOES NOT GRANT PERMISSION TO MODIFY THE WORDING OR LAYOUT OF ITEMS, TO DISTRIBUTE TO OTHERS, OR TO TRANSLATE ITEMS INTO ANY OTHER LANGUAGE. SUCH PERMISSION TO MODIFY, DISTRIBUTE, OR TRANSLATE MUST BE REQUESTED FROM THE PROMIS HEALTH ORGANIZATION OR THE OWNER OF THE COPYRIGHTED MATERIALS FROM WHICH PROMIS HAS BEEN DERIVED.
